

Amazing me!

At the heart of our learning...

Courage

Coming into school confidently.

Compassion

Making new friends.

Co-operation

Making and understanding our class rules.

Learning Journey:

In PSED and Communication and Language we will learn: about the people in our class, their likes and dislikes, things we are good at and the people in our families. We will also settle into our environment and decide our class rules.

In Literacy we will learn: begin to learn our letter sounds and write them confidently using a variety of tools. We will listen to rhymes, poems and stories.

In Maths we will learn: to measure using non-standard units and compare our heights to other children in our class. We will also learn to recognise and write numbers 1-5, counting objects and developing 1:1 correspondence.

In Expressive Art and Design we will learn: the different skills needed to paint, sketch and collage as we explore colour.

In Physical Development we will learn: to experiment with different ways of moving and start to have control over our bodies.

In Understanding The World we will learn to: explore our immediate environment and talk about our different senses.

Autumn term 1

Sept - Oct 2019

Special events...

Parents Appointments

Poetry Recital Assembly

Drama workshop

Harvest Festival

"Look what we've done"
A chance for parents to see what we've been doing!
